

## **South Plains Association of Governments**

### **Request for Statement of Qualifications – Solid Waste Management Research**

The South Plains Association of Governments is seeking to contract with a competent engineering firm that has experience working in Research of Solid Waste Management, especially as related to multi-county regions, small-urban and rural areas, and projects located in Texas.

Procedures used in selecting and contracting with engineering consulting firms will be in accordance with the Professional Services Procurement Act. Responding firms will submit a Statement that will be evaluated and ranked in accordance with the selection criteria presented in Section II, Statement Evaluation Criteria, of this Request for Qualifications (RFQ.) The most qualified providers will be selected for further negotiations.

Request for Statement of Qualifications packages may be obtained by contacting Chelsey Baldivia, South Plains Association of Governments, 1323 58<sup>th</sup> Street, Lubbock, TX. 79412, (806) 762-8721. Packages will not be faxed, but can be emailed. The sole authority to enter into contracts rests with the South Plains Association of Governments. All Statements must be received by 2:00pm, Monday, October 7, 2020. Proposals received after the specified date and time will not be considered.
